

Anti-Oxidant Formula

Wide spectrum antioxidant protection

DESCRIPTION

Anti-Oxidant Formula, from Medical Wellness Associates, is a potent antioxidant dietary supplement that includes not only antioxidant vitamins such as vitamin C and vitamin E, but also other nutrients that effectively participate in our body's antioxidant defense systems.

FUNCTIONS

Body cells and tissues are threatened continuously by damage caused by toxic free radicals and reactive oxygen species (e.g., peroxides) which are produced during normal oxygen metabolism, by other chemical reactions, and by toxic agents in the environment. Free radicals, once formed, are capable of disrupting metabolic activity and cell structure. When this occurs, additional free radicals are produced which, in turn, can result in more extensive damage to cells and tissues. The uncontrolled production of free radicals is thought to be a major contributing factor to many degenerative pathologies.

The body's antioxidant defense system is more than the sum of its parts. That's because antioxidants depend on each other for ongoing effectiveness. For example, beta-carotene supports vitamin E, recognized as the body's most valuable fat soluble antioxidant. It prevents oxidation of unsaturated fatty acids by inactivating free radicals, thus stabilizing and protecting cell membranes, e.g. in the lungs, eyes, and arteries. Vitamin E can be regenerated by vitamin C.

Vitamin C is a potent water-soluble antioxidant nutrient, also protecting cells from oxygen free radical damage. It is essential for connective tissue and bone metabolism, capillary health, and immune function. Vitamin C works together with vitamin E. When vitamin E is inactivated by neutralizing free radicals, vitamin C regenerates it back to full activity. In this process, however, vitamin C is oxidized and loses its antioxidant activity.

INDICATIONS

Anti-Oxidant Factors may be a useful nutritional adjunct for individuals who wish to increase their intake of a wide spectrum of nutritional antioxidants.

FORMULA

1 Capsule Contains:

N-Acetyl-L-Cysteine (NAC)(free form).....	100 mg
Zinc Picolinate.....	5 mg
Vitamin E.....	67 mg
Vitamin A(as Beta Carotene).....	3000 mcg
Riboflavin (vitamin B2).....	25 mg
Selenium (as Selenomethionine).....	100 mcg
Milk Thistle (Silybum marianum) Extract (seed).....	100 mg
Proprietary mixed carotenoid blend (as lutein, lycopene and zeaxanthin).....	500 mcg

Other ingredients: vegetarian capsule (cellulose, water), ascorbyl palmitate

(continued on reverse)

SUGGESTED USE

As a dietary supplement, take 1 capsule, 1-2 times daily, with meals or as directed by your health care professional.

SIDE EFFECTS

No adverse side effects reported.

STORAGE

Store in a cool, dry place, away from direct light. Keep out of reach of children.
