

Colon-EZ Capsules

DESCRIPTION

Colon-EZ, available exclusively from Medical Wellness Associates, is a synergistic blend of ingredients designed to support healthy gastrointestinal and colon function.

FUNCTIONS

Aloe is a native plant of Africa that has been traditionally used a topical preparation for burns and wounds. The thick mucilaginous juice found inside the leaves is thought to have a cooling, soothing effect on the skin. The juice when taken internally is thought to play important roles in supporting the gastrointestinal system and proper bowel maintenance.

Cascara Sagrada is small deciduous tree native to the west coast of North America. The bark is used for laxative support; chemicals known as anthraglycosides that are found in the bark are one of the active principles of the plant.

Licorice has been used in Traditional Chinese Medicine for hundreds of years to support the body, including the gastrointestinal system. It was often used as a demulcent, to soothe and coat the stomach and throat

INDICATIONS

Colon-EZ may be a useful dietary supplement for individuals wishing to support healthy gastrointestinal function.

FORMULA (#98220)

1 Capsule Contains:

Proprietary Blend 270 mg
Aloe (leaf), standardized licorice (root),
standardized *Cascara sagrada* (bark)

SUGGESTED USE

Adults take 1 capsule daily or as directed by physician.
