

Heartburn Essentials

DESCRIPTION

Heartburn Essentials, available from Medical Wellness Associates, regulates gastric secretion, enhances digestion and soothes the digestive tract, offering potential relief for occasional heartburn and indigestion.

FUNCTIONS

Stimulate Digestion: For years, gamma oryzanol has been associated with maintaining healthy gastric secretion, even under everyday stress conditions. It is likely that gamma oryzanol does this by influencing the autonomic nervous system. Artichoke helps to stimulate the digestive process and has been shown to relieve occurrences of occasional heartburn while turmeric may offer relief of occasional gas and indigestion. Plant enzymes further promote digestive function for overall comfort and relief of occasional gas, bloating and heartburn.

Soothe and Promote GI Integrity: DGL, marshmallow and slippery elm provide traditional support for soothing the gastrointestinal tract and promoting the integrity of the mucosal lining. These ingredients support the body's natural defense mechanisms by stimulating the mass, quality and production of mucous, a major component of the stomach's protective lining.

RECOMMENDATIONS

Adults take 1 capsule at the start of each meal, or as directed by a health professional.

SIDE EFFECTS

In rare cases, curcumin may cause gastrointestinal upset. Artichoke should be avoided by individuals with allergies to members of the aster (*Compositae/Asteraceae*) family,

daisies, artichoke, kiwi or thistle. Artichoke and curcumin should be used with caution in individuals with bile duct obstruction. If pregnant or lactating, consult your physician before taking this product.

INTERACTIONS

Curcumin may be contraindicated with blood thinning medications. Consult your physician for more information.

FORMULA

One Vegetarian Capsules Contains:

Gamma Oryzanol	
(Rice Bran).....	125 Mg
Deglycyrrhized Licorice Extract	
(Root).....	100 Mg
Marshmallow Root (<i>Althaea Officinalis</i>)	
Extract.....	100 Mg
Slippery Elm (<i>Ulmus Fulva</i>) Extract	
(Bark).....	100 Mg
Artichoke (<i>Cynara Scolymus L.</i>) Extract	
(Leaf).....	75 Mg
(Standardized To Contain 5% Cynarins)	
Turmeric (<i>Curcuma Longa</i>) Extract	
(Root).....	50 Mg
(Standardized To Contain 95% Curcuminoids)	
N•Zimes™	
(Proprietary Blend).....	61 Mg
Providing:	
Amylas.....	6,000 DU
Lipase.....	81 FIP
Cellulase.....	22 CU
Ascorbyl Palmitate	
(Fat-Soluble Vitamin C).....	10 Mg
Other Ingredients: Vegetarian Capsule (Cellulose, Water)	

(continued on reverse)

SOURCE

Gamma oryzanol is derived from rice bran. Deglycyrrhizinated licorice extract is derived from *Glycyrrhiza glabra* root. Marshmallow root extract is derived from *Althaea officinalis*. Slippery elm extract is derived from *Ulmus fulva* bark. Artichoke extract is derived from *Cynara scolymus* leaves and standardized to contain 5% cynarins. Turmeric extract is derived from *Curcuma longa* root and standardized

to contain 95% curcuminoids. Amylase, lipase and cellulase are derived from fermentation. Ascorbyl palmitate is derived from corn dextrose fermentation and palm oil. Hypo-allergenic plant fiber is derived from pine cellulose.
